Mr. Thomas O'Malley
Superintendent

Mr. William Sanderson
Assistant Superintendent/Principal

February 15, 2019

Dear Parents:

In an effort to better communicate with our families, we will send information home to you each month using the e-mail system on Family Access. We will also post the same information on our website. We hope you find that this is an efficient and cost effective way for EPCHS to stay connected with our families and provide you with information on upcoming events.

Sincerely,

Mr. William J. Sanderson

Mr. William J. Sanderson
Asst. Superintendent/Principal

Upcoming Events

Wednesday, February 20 – Parent Forum: Wellness at EPCHS

Please join the EPCHS Counselors and Social Workers as we discuss the topic of wellness and the common issues that affect today's teenagers. The presentation begins at 7:00 p.m. in the auditorium. Please enter through the Sports Gate entrance.

EPCHS Spring College Tour – Deadline to Register is February 25

We are pleased to be able to offer a Spring College Tour on Monday, March 4 (school holiday). We will be visiting both Eastern Illinois University and Olivet Nazarene University during the day. Applications were emailed and are also available in the Counseling Office. This tour is open to EPCHS students of all grade levels, with priority given to seniors and juniors. The completed form and the \$15 fee must be returned to Mr. Eisenbraun in the Counseling Office to reserve a spot on the tour. The deadline to register for the tour is Monday February 25.

Wednesday, March 27 – Parent Forum: College Information Night

Please join us to learn more about the college search process and timeline, basic financial aid terminology and how best to help your student(s) navigate through this process. The presentation begins at 7:00 p.m. in the auditorium. Please enter through the Sports Gate entrance.

How Does Smart911 Work?

Smart911 allows citizens to provide the additional details that 9-1-1 call takers may need in order to assist them during an emergency. When you dial 9-1-1 today the information received by the 9-1-1 call center can be limited based on the type of phone you are calling on. With Smart911, anytime you make an emergency call from a phone registered with your Safety Profile, the 9-1-1 systems recognizes your phone number and automatically displays your profile on the screen of the call taker who receives your call.

At a time when you may be panicked, or unable to communicate, or it could be unsafe to communicate, Smart911 ensures that the details you would need to tell 9-1-1 are immediately available in the event you cannot verbally provide them. Smart911 is free, private and secure.

Why Use Smart911?

Why should I use Smart911?

Smart911 can help protect you, your loved ones, and other members of your household. By creating a Safety Profile with Smart911 during a calm moment, you can take the time to ensure that the information is correct and accurate and exactly what you would like to be communicated to emergency response teams in an emergency. Smart911 is free to all citizens.

Where is Smart911 available? When I call 9-1-1 will they get my information?

Although Smart911 is a nationwide service, it is not available in every municipality yet. Automated delivery of a Safety Profile to local law enforcement, medical and fire responders is dependent on local public safety agencies installing the Smart911 technology. Even if the service is not yet available in your home or work jurisdiction, we encourage you to create a Smart911 profile, since you may travel into an area that has enabled Smart911.

How do I know if my Safety Profile was successfully created?

When you complete registration, Smart911 will automatically direct you to your Smart911 Safety Profile and will send a message to your registered email address confirming your account. Smart911 will not deliver your Safety Profile to 9-1-1 answering centers unless you have verified the phone(s) listed in your profile by responding to the text message or automated call placed to that phone.

How can I control who sees my Smart911 information?

Your Safety Profile will only be displayed to a 9-1-1 call taker if you place a 9-1-1 call from a phone confirmed with your Smart911 account, and the 9-1-1 center receiving your call participates in the Smart911 program. You are in full control of the information you enter and the phone numbers you choose to associate with your Safety Profile.

Privacy & Security

Is my information kept private?

Yes. Your privacy is important to us. Your information is made available ONLY to 9-1-1 call takers and responders ONLY in the event you call 9-1-1. In some areas, you can choose to allow Smart911 to share your profile with Emergency Managers as they prepare for and respond to emergencies. If you reside or work in one of these areas, you will be presented with this option.

Is my information secure?

Smart911 utilizes the highest standards in physical and computer security technologies and conducts regular audits to ensure all information held in Smart911 is kept secure, and only made available to 9-1-1 and emergency responders who are responding to or planning for emergencies. It's our business to protect your information and ensure it gets to the people that need it, when they need it.

Smart911 is accredited by the Better Business Bureau and secured and powered by Norton and Verisign.

Will Smart911 sell my email address or spam me?

No. Smart911 will not sell your email address to any person or company. Smart911 will only use your email address to keep you informed of important information related to the Smart911 service and your Safety Profile.

Does Smart911 sell subscriber data?

No. Smart911 respects your privacy and wants to ensure your trust in our service. We do not sell or share any information from your Safety Profile to third parties or marketing organizations. Your information is always locked in our secure facilities until it is delivered to participating 9-1-1 centers when you dial 9-1-1.

Can 9-1-1 operators access my Smart911 information even if I don't call 9-1-1?

No. Smart911 information is only made available to 9-1-1 call takers when you call 9-1-1 from phone that has been verified with your Safety Profile.

Some areas have access to Smart911's advanced Emergency Management system, through which Emergency Managers can access information within your Safety Profile when planning for and responding to emergencies. Your profile is only searchable by Emergency Management if you live or work in a supported area, and ONLY if you have elected to make information in your profile available to these agencies. If you provide an address in an area subscribing to this aspect of the Smart911 service, you will be asked if you wish to participate.
