March 18, 2019

Dear Parents:

In an effort to better communicate with our families, we will send information home to you each month using the e-mail system on Family Access. We will also post the same information on our website. We hope you find that this is an efficient and cost effective way for EPCHS to stay connected with our families and provide you with information on upcoming events.

Sincerely,

*Mr. William J. Sanderson*

# Parent-Teacher Conferences

Thursday, March 21, 2019  
4:00 p.m. – 6:45 p.m.

Dear Parents:

On Thursday, March 21, 2019, we will conduct **Parent-Teacher Conferences** from 4:00 p.m. to 6:45 p.m. in both gyms. **Please note that this is a regular attendance day for students.** All teachers will be available for parent-teacher conferences in the gyms and no appointments are necessary. We know that communication with parents is essential in order to better serve our students and improve student achievement and behavior.

Please note that copies of report cards will not be available. We are asking you to print a copy of your student's report card at home before you come to Parent-Teacher Conferences or bring a device with you so that you can view your student's report card. If you need assistance logging on to your Skyward account, technology assistance will be available.

This day is designed to offer you the opportunity for one-on-one discussions with your student's teachers and help you determine where and what your student's strengths and weaknesses are in each class. We will also work with you and offer possible strategies to help your son/daughter succeed if they are struggling. Your child's growth and development is one of our primary goals and this day is another way that we can work together for his/her success. All counselors, social workers, and our school nurse will be available throughout the day.

I hope to see as many parents as possible. As always, feel free to call if you have any questions.

Sincerely,

Mr. William J. Sanderson  
Asst. Superintendent/Principal

## Upcoming Events

---

### **Wednesday, March 27 – Parent Forum: Vaping 101**

Please join us on Wednesday, March 27, at 7:00 p.m. when we host a parent forum entitled *Vaping 101*, with special guest speaker Katie Greeley of Prevention Education Solutions. Ms. Greeley will provide valuable information about this extremely concerning health trend, including: what exactly are vaporizers and the pods used, use rates among teens, popular misconceptions about vaping, and resources to help quit vaping.

### **Tuesday, April 9 – Standardized Testing**

Seniors – DO NOT HAVE SCHOOL

Juniors – will take the SAT Test

Sophomores – will take the PSAT

Freshmen – will take the PSAT

- ✓ Students should arrive at school **on time**.
- ✓ Students should come prepared with pencils and a calculator.
- ✓ Phones should be left at home.
- ✓ At the completion of testing, students will be dismissed early from school.
- ✓ Students will not be able to go to their lockers when their tests are over.

## **IMPORTANT END OF THE YEAR CALENDAR CHANGE**

Please note the following changes to the May calendar:

Friday, May 24, 2019 is a **REGULAR** PLC Schedule school day. *Freshmen, sophomores, and juniors will be in school on that day from 8:30 a.m. – 2:07 p.m.*

Tuesday, May 28, Wednesday, May 29, and Thursday, May 30 are the make-up snow days and school will be in session for underclassmen.

Thursday, May 30 is a **12:05 p.m. dismissal** and the last day of school for underclassmen. *Freshmen, sophomores, and juniors will be in school on that day from 8:30 a.m. – 12:05 p.m.*

## How Does Smart911 Work?

Smart911 allows citizens to provide the additional details that 9-1-1 call takers may need in order to assist them during an emergency. When you dial 9-1-1 today the information received by the 9-1-1 call center can be limited based on the type of phone you are calling on. With Smart911, anytime you make an emergency call from a phone registered with your Safety Profile, the 9-1-1 systems recognizes your phone number and automatically displays your profile on the screen of the call taker who receives your call.

At a time when you may be panicked, or unable to communicate, or it could be unsafe to communicate, Smart911 ensures that the details you would need to tell 9-1-1 are immediately available in the event you cannot verbally provide them. Smart911 is free, private and secure.

## Why Use Smart911?

### Why should I use Smart911?

Smart911 can help protect you, your loved ones, and other members of your household. By creating a Safety Profile with Smart911 during a calm moment, you can take the time to ensure that the information is correct and accurate and exactly what you would like to be communicated to emergency response teams in an emergency. Smart911 is free to all citizens.

### Where is Smart911 available? When I call 9-1-1 will they get my information?

Although Smart911 is a nationwide service, it is not available in every municipality yet. Automated delivery of a Safety Profile to local law enforcement, medical and fire responders is dependent on local public safety agencies installing the Smart911 technology. Even if the service is not yet available in your home or work jurisdiction, we encourage you to create a Smart911 profile, since you may travel into an area that has enabled Smart911.

### How do I know if my Safety Profile was successfully created?

When you complete registration, Smart911 will automatically direct you to your Smart911 Safety Profile and will send a message to your registered email address confirming your account. Smart911 will not deliver your Safety Profile to 9-1-1 answering centers unless you have verified the phone(s) listed in your profile by responding to the text message or automated call placed to that phone.

### **How can I control who sees my Smart911 information?**

Your Safety Profile will only be displayed to a 9-1-1 call taker if you place a 9-1-1 call from a phone confirmed with your Smart911 account, and the 9-1-1 center receiving your call participates in the Smart911 program. You are in full control of the information you enter and the phone numbers you choose to associate with your Safety Profile.

### **Privacy & Security**

#### **Is my information kept private?**

Yes. Your privacy is important to us. Your information is made available ONLY to 9-1-1 call takers and responders ONLY in the event you call 9-1-1. In some areas, you can choose to allow Smart911 to share your profile with Emergency Managers as they prepare for and respond to emergencies. If you reside or work in one of these areas, you will be presented with this option.

#### **Is my information secure?**

Smart911 utilizes the highest standards in physical and computer security technologies and conducts regular audits to ensure all information held in Smart911 is kept secure, and only made available to 9-1-1 and emergency responders who are responding to or planning for emergencies. It's our business to protect your information and ensure it gets to the people that need it, when they need it.

Smart911 is accredited by the Better Business Bureau and secured and powered by Norton and Verisign.

#### **Will Smart911 sell my email address or spam me?**

No. Smart911 will not sell your email address to any person or company. Smart911 will only use your email address to keep you informed of important information related to the Smart911 service and your Safety Profile.

#### **Does Smart911 sell subscriber data?**

No. Smart911 respects your privacy and wants to ensure your trust in our service. We do not sell or share any information from your Safety Profile to third parties or marketing organizations. Your information is always locked in our secure facilities until it is delivered to participating 9-1-1 centers when you dial 9-1-1.

#### **Can 9-1-1 operators access my Smart911 information even if I don't call 9-1-1?**

No. Smart911 information is only made available to 9-1-1 call takers when you call 9-1-1 from phone that has been verified with your Safety Profile.

Some areas have access to Smart911's advanced Emergency Management system, through which Emergency Managers can access information within your Safety Profile when planning for and responding to emergencies. Your profile is only searchable by Emergency Management if you live or work in a supported area, and ONLY if you have elected to make information in your profile available to these agencies. If you provide an address in an area subscribing to this aspect of the Smart911 service, you will be asked if you wish to participate.
